www.simonson-lumber.com
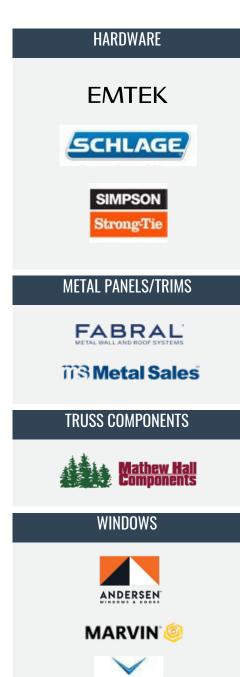

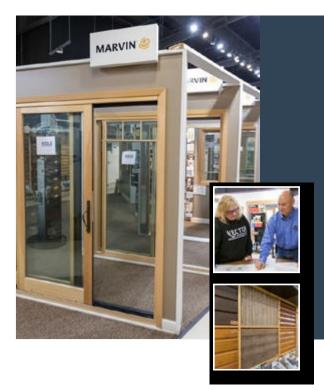

From design to delivery, Simonson Lumber is passionate about getting your project done right.

As a full-service lumber yard, Simonson offers premium building materials, trusses, design services, estimating, purchasing and delivery to comprehensively meet the needs of contractors and homeowners alike. The experienced Simonson team is dedicated to being your trusted partner and go-to source for expert advice, project planning, and support throughout every stage of your project.

PREMIUM MATERIALS

A great project starts with great materials. That's why Simonson Lumber is proud to offer only the best, highest-quality building materials from Simonson-endorsed vendors. We set ourselves apart from the big box stores with our top-notch products, superior customer service, and commitment to treating our customers with integrity and respect.

DESIGN SERVICES

Our team of in-house design specialists have the creativity and experience needed to offer tailored solutions for all your design needs. The Design Team, a Simonson Lumber company, provides home design services to homeowners, contractors, lumberyards, and realtors to develop residential designs that exceed clients' expectation.

DELIVERY

Hit the ground running at your jobsite with support from the Simonson team. Our fleet of specialized vehicles ensures on-site material availability when you need it and can handle material delivery, pick-up and more. Let us handle material loading and shipping, load building and other tasks so you can focus on getting the job done safely and smoothly.

WE HAVE SEVEN LOCATIONS TO SERVE YOU
